** available to existing eir customers only		

Notes:

- Customers may only avail of one eir Talk Level at any one time (i.e. only one subscription may appear on an account during a Billing Cycle).
- Included call minutes are subject to monthly and daily fair usage caps as outlined in the table below.
- Out-of-package rates as set out apply once the customer has exceeded the 60 minutes available on any one call. (Applicable to Local and National Call Minutes included in the package.)
- Defined international destination landlines & mobiles included in the plan are as outlined in the table below.
- Out-of-package rates as set out apply once the customer has exhausted the Call Minutes available as part of the plan.
- All out-of-package calls are rounded to the next minute.
- The inclusive of VAT price is rounded using standard rounding to two decimal places and is shown for information purposes only.
- Peak:** 7am - 7pm Monday to Friday including Public and Bank Holidays; **Off-Peak:** 7pm-7am Monday to Friday and midnight Friday to midnight Sunday; **Weekend:** midnight Friday to midnight Sunday.
- Out-of-package calls to Irish Mobiles (Calls outside of Mobile Call Minutes included in the package) that straddle Peak and Off-Peak (that is, Day and Evening) times or that straddle Off-Peak and Peak times are split into two legs that are billed separately, with each leg rounded up to the next minute and the first leg subject to a call set-up fee.
- For out-of package calls (Outside of Local, National & Mobile Call Minutes included in the package) that are subject to different Day, Evening and Weekend rates and where an individual call straddles Day, Evening or Weekend time profiles that are subject to different rates, such calls are split into separate legs according to the time profiles involved. Each leg is rounded up to the next minute and charged according to the rate that applies to that leg. The resulting charges for these separate legs are then added together and the set-up fee is applied to the total.
- Standard call charges apply for calls types that are not defined with a rate within eir Talk Call Charges overleaf.
- For bill display purposes, the costs of individual rated items are shown rounded to the nearest whole cent based on standard rounding. An adjustment may be applied to the bill in order to reconcile any difference between the total of the rounded values shown and the applicable total based on the actual unrounded cost of individual items.
- Customers who sign up to pay their bill by Direct Debit will receive a discount of €2 on the above prices
- Call set up fee does not apply to Band 1, Band 1a or Consumer EU Band.
- For calls to destinations included in the Consumer EU Band which are also included other Bands as set out in International Call Bands of the price list, charges applicable to the Consumer EU Band shall apply, except in cases where the rate is applicable to the Consumer EU Band is higher than the rate quoted for the other Band, in which cases the lower rate shall apply.
